JOSIAH TURNER, Jr., EDITOR.

THE SABBATH—TESTIMONY AS TO THE NECESSITY OF A DAY OF REST.

The following testimonies and experiences not of the clergy, but of statesmen, philosophers and men of wide reputation in legal, medical, literary and commercial life, bearing on a subject attracting considerable attention at the present time, may not be uninteresting to our readers:

"If Sunday had not been observed as a day of rest during the last three centuries, I have not the smallest doubt that we should have been at this moment a poorer and less civilized people than we are."—*Lord Macaulay.*

"There is no religion without worship, or no worship without the Sabbath."—*Count Montalembert.*

"The more faithfully I apply myself to the duties of the Lord's day, the more happy and successful is my business during the week."—*Sir Matthew Hale.*

"A corruption of morals usually follows a profanation of the Sabbath."—*Blackstone.*

"The Sabbath as a political institution is of inestimable value, independently of its claim to divine authority."—*Adam Smith.*

"Sunday is a day of account, and a candid account every seventh day is the best preparation for the great day of account."—*Lord Kames.*

"I can truly declare that to me the Sabbath has been invaluable."—*William Wilberforce.*

"Give the world half of Sunday, and you will find religion has no stronghold of the other."—*Sir Walter Scott.*

"Where there is no Christian Sabbath there is no Christian morality; and without this, free institutions cannot long be sustained."—*Justice McLean.*

"The longer I live the more highly do I estimate the Christian Sabbath, and the more grateful do I feel toward those who impress its importance on the community."—*Daniel Webster.*

In a general order, issued November 15, 1862, President Lincoln commanded that "Sunday labor in the army and navy be reduced to the measure of strict necessity.—The discipline and character of the national forces should not suffer, nor the cause they defend be imperilled by the profanation of the day or name of the Most High."

Attorney-General Bates, of the Cabinet, wrote: "The religious character of an institution so ancient, so sacred, so lawful and so necessary to the peace, the comfort and the respectability of society ought alone to be sufficient for its protection; but, that failing, surely the laws of the land made for its account ought to be as strictly enforced as the laws for the protection of person and property. If the Sunday laws be neglected or despised, the laws of person and property will soon share their fate and be equally disregarded."

"The Sabbath *must* be observed as a day of rest. This I do not state as an opinion, but knowing that it has its foundation upon a law in man's nature as fixed as that he must take food or die."—*Dr. Willard Parker, of New York City.*

"As a day of rest, I view the Sabbath as a day of compensation for the inadequate restorative power of the body under continued labor and excitement. One day in seven, by the bounty of Providence, is thrown in as a day of compensation to perfect by its repose the animal system."—*John Richard Farre, M. D., of London, England.*

La Presse, one of the great secular journals of Paris, has said, 'England owes much of her energy and character to the religious keeping of Sunday. Why cannot France follow her, as the Sabbath was made for all men, and we need its blessings?"

The present Lord Chancellor of England, stated at a public meeting: "I am glad to say that our Sunday in London is not yet like a continental Sunday. Looking at the question from the lowest point of view, it is the special duty and interest of *working men* to discourage all attempts to interfere with the seventh day as a day of rest; for, once let the Parisian system come into vogue in this country, under which the scaffolds of public buildings were as crowded with workmen on Sunday as on any other day, and they would have to work seven days for the pay now received for six."

"So far as my observation extends, those who are in the habit of avoiding worldly cares on the Sabbath are those most remarkable for the perfect performance of their duties during the week. I have a firm belief that such persons are able to do more work, and to do it in a better manner, in six days, than if they worked the whole seven."—*John C. Warren, M. D. Professor in the Medical College of Harward University.*

"A very profound and wonderful reform has just been begun in Paris. The principal shops—including those of nearly all the linen drapers, hosiers, silk mercers and venders, of ready-made apparel—will henceforth be closed on Sundays. The merchants have taken this step of their own accord, and the employes appeal to the good will of the public to aid them in making the measure general."—*New York Times, June 8, 1869.*

"I have long been of the opinion that it is to the *interest* of the railroad and steamboat companies to suspend operations on the Sabbath, as it demoralizes the men and makes them reckless, *and so is the cause of many accidents.* I believe railroad companies would be much more prosperous if Sunday running was entirely suspended. I suppose there are employed on the railways of the United States, on the Sabbath, thirty thousand men."—*S. Bath, Superintendent of the Richmond, Fredericksburg and Potomac Railroad.*

"Many years' experience and observation more and more convince me as a railroad man that even in an economic point of view there is no more profitable rule for us to follow than 'remember the Sabbath day to keep it holy.'"—*Colonel George A. Merrill, Superintendant of the Rutland and Burlington Railroad.*

"From experience I known that laborers, mechanics, managers, etc., will do more work, and do it better in six days than in seven. Further, if we habitually ask our men to break God's law by a desecration of the Sabbath, it will not be long before they will break His law in other respects, by defrauding, etc."—*J. P. Farley, Superintendent of the Dubuque and Sioux City Railroad.*

"In nearly thirty years experience on Western and Southern Railroads. I have never found it necessary to run Sunday trains, except where connecting or competing lines render it so. I think men perform more work in six days, resting every seventh, than when they work every day. I also think men are more reliable and trustworthy on roads where the Sabbath is observed, than where the day of rest is ignored."—*E. G. Barney, Superintendent Selma, Rome and Dalton Railroad.*

"I do not believe the running of Sunday trains is profitable to the company; and that it is a positive violation of Divine law, none can doubt."—*Hon. Abram Murdock, President of the Mobile and Ohio Railroad.*

"It is for the interest of the company to allow our employes the rest of the Sabbath."—*R. B. Phillips, President of the Michigan Southern and Northern Indiana Railroad.*

"The want of cessation from labor on the canals, railroad and steamboat lines of the country on the Sabbath has a tendency to degrade the tone of morals in the community; yet less censure can attach to those men who are compelled to labor for their daily bread, than the owners and employers who require the service to be performed."—*J. Durand, General Superintendent of the Little Miami, Columbus and Zenia Railroad.*

WALTHAM WATCHES.

THE EXTENSIVE USE OF THESE WATCHES for the last fifteen years by Railway Conductors, Engineers, and Expressmen, the most exacting of watch-wearers, has thoroughly demonstrated the strength, steadiness, durability and accuracy of the Waltham Watch. To satisfy that class in all these respects, is to decide the question as to the real value of these time-keepers.

More than 450 000 of these watches are now speaking for themselves in the pockets of the people—a proof and a guarantee of their superiority over all others.

The superior organization and great extent of the Company's Works at Waltham, enable them to produce watches at a price which renders competition futile, as I those who buy any other watch, merely pay from 25 to 50 per cent. more for their watches than is necessary.

We are now selling Waltham Watches at less prices in greenbacks, than the gold prices before the war. There is no other manufacture of any kind in the United States of which this can be said.

These time-pieces combine every improvement that a long experience has proved of real practical use. Having had the refusal of nearly every invention in watchmaking originating in this country or in Europe, only those were finally adopted which survive testing by the most skilful artisans in our works, and long use on the part of the public demonstrated to be essential to correct and enduring time-keeping.

Among the many improvements we would particularize:

The invention and use of a centre-pinion of peculiar construction, to prevent damage to the train by the breakage of main springs, is original with the American Watch Company, who, having had the refusal of all other contrivances, adopted Fogg's Patent pinion as being the best and faultless.

Hardened and tempered hair springs, now universally admitted by watchmakers to be the best, are used in all grades of Waltham Watches.

All Waltham Watches have dust-proof caps, protecting the movement from dust and lessening the necessity of the frequent cleaning necessary in other watches.

Our new patent stem-winder, or keyless watch, is already a decided success and a great improvement on any stem-winding watch in the American market, and by far the cheapest watch of its quality now offered to the public. To those living in portions of the United States where watchmakers do not abound, watches with the above mentioned improvements which tend to insure accuracy, cleanliness, durability and convenience, must prove invaluable.

Every watch guaranteed by the Company. To prevent imposition, buyers should see that every watch should bear either of the following trade marks.

American Watch Co.,	Waltham, Mass.
Amn. Watch Co.	Waltham, Mass.
American Watch Co., Crescent St.,	Waltham, Mass.
Appleton, Tracy & Co.,	Waltham, Mass.

THE CUMBERLAND MURDER.

"Murder will out," is an adage based on the observation of mankind for ages, and is being constantly confirmed by facts occurring all around us. Guilt cannot keep its own secrets, and often exposes itself by its very efforts at concealment.

Recently two old men, "in the peace of God and the State," were murdered in their own house in the county of Cumberland; as has already been made public. Not knowing that they had an enemy on earth, they suddenly became the victims of a most brutal and horrid murder.

Heaven has decreed that such violations of the laws of God and man, shall not escape detection and punishment. A man in the confidence, and, perhaps, in the pay of the Governor as a spy, is suspected on very strong grounds, of being one of the murderers, in fact, we may almost say, is known to be the planner and perpetrator of the horrid deed.

There were not in the State two more respectable and inoffensive men than Neill and Daniel McLeod. A gentleman from Cumberland informs us that Daniel McLeod was known to have, some time before his murder, $600 in gold, and that he had sold a mill for $1,500, the money for which he was expected to get in hand.

Daniel A. Graham, the "reformed Ku Klux," whose remarkable testimony the Governor blazoned to the world through the *Standard*, charging fifteen of the most respectable citizens of Moore county with murder and arson, (every one of whom, by the way, ought to sue Wm. A. Smith & Co., for uttering the slander against them,) lived about two miles from the McLeods. The fact is known, says our informant, that this Graham went to Shoe-heel, in Robeson county, and brought up with him two of Sinclair's constituents, who, with himself committed the murder.

A League negro, living on the land of McLeod, was engaged by Graham to give him information when Daniel McLeod received the money for the mill. On the day of the murder, about 1 o'clock this negro informed young John McLeod that three men wanted to see him down in a field at a certain persimmon tree, some distance from the dwelling. The young man went to the place; found no one there, but saw the tracks of three men. He returned toward the house, and on entering the gate, was shot in the leg and thigh with twenty buckshot.

The old men made a desperate struggle for their lives. Daniel was shot and his brains beaten out with a musket; Neill was last overcome, his murder being effected by the Governor's witness, Graham, the "reformed Ku Klux."

While fighting for his life, he called to Miss McLeod for his pistol, which she brought, and, as she was handing it to him, was shot by one of the fiends, and her arm broken.

The Governor's witness, Graham, the "reformed Ku Klux," has a furrow or indentation in his forehead, and in blacking his face for the occasion, this indentation was not blacked. Mrs. McLeod noticed this, and called his name while he was engaged in his work of murdering her husband and daughter.

After the murder and robbery, Graham fled and has not since been heard of. It may be he has come to Raleigh, as most of the leaguers come here, as to a "city of refuge," when they get in trouble on account of their crimes, just as Bill Hall, who shot Dr. Montgomery, and the negroes who shot Mr. Haughton in Chatham, did.

What a sensation the Governor got up, when his friend, the chicken thief, was murdered; (more than probably, by his own party,) how he hurried up his proclamation offering a heavy reward for the apprehension of his murderers! In contrast, how silently the good men, Neill and Daniel McLeod are permitted to go to their graves! There is no reward offered for the apprehension of *their* murderers! No jury of inquest; no pursuit of the outlaws who committed the heinous deed.

Reader, do you note the difference? Can you account for it? Can you guess why the Governor is so anxious for the apprehension of the murderers of Stephens as to offer a reward of $500 each for them, within two days after the news of his death reaches him; and is so indifferent in regard to the murderers of the McLeods as not to offer a cent, though the news reached Raleigh nearly a week ago?

As we have said before, when there is an ox gored, it makes a great deal of difference with the Governor who the bull belonged to that did the goring.

When the Governor and the king of the Ku Klux shall meet and shake hands and agree to dissolve their hellish societies of blood, fire and carnage, we shall have peace and security of life and property, and not until then.

Thursday morning, the residence of Mr. Isaac Pickett, in Wilmington, was partially destroyed by fire. The fire is ascertained to be the work of an incendiary.

"ELEGANT EXTRACTS," FROM THE N. C. STANDARD.

"But what we desire to quote from the SENTINEL is as follows, found in its issue of Feb. 19th 1869, that, 'Nothing but the tame and broken spirit of the people keeps them from rising up and driving the hands out of the Capitol.' Here," continues the *Standard*, "is an appeal for insurrection which we noted at the time, and remembered as a remarkable utterance. Mr. Stephens was one of the "hands," and he has been killed—driven from the Capitol forever, as doubtless it was the wish of the editor of the SENTINEL, that it might have unto others."

"The tame and broken spirit of the people of Caswell has been fired by such appeals, and the Ku Klux have organized, committing murder in the light of day and in defiance of law. Who is more guilty, the man who aimed the blow or the man who struck it?"

These are the remarks of the *Standard* on the death of chicken Stephens, written by the Governor, we honestly believe. Remember, reader, the SENTINEL said, in February, seventeen months ago, "but for the tame and broken spirit of the people, they would rise up and drive the hands out of the Capitol," and this, the Governor and his organ declare as insurrectionary and leading to the death of their chicken stealing friend, Stephens. Could anything be more far fetched and wicked?

The above extract from the SENTINEL, so foolishly and falsely paraded by the *Standard* as evidence of its insurrectionary spirit, was written while the Legislature was being *bribed* by the Governor's bosom friend, Littlefield and others, one of whom has since declared that he spent, on the members, $241,000 in cash! At that time the new and beautiful system of political ethics was being inaugurated for the first time in this State, which involved in its execution the bribery of Sloan with $20,000 of Railroad bonds, the feeing of Greasy Sam with $5,000 more of them, with various amounts to other parties, and resulted in the repudiation, of its own acts; the utter depletion of the State Treasury and ruin of the State credit.

In view of all the foolish, extravagant, dishonest, and ruinous legislation which was then being carried on by the mongrel concern known as the Legislature, an eyesore and a stench to every intelligent honest man in the State, if we did not say they ought to be driven from the Capitol, we say it now. We go further; we say there is not an honest man in the State who will not agree with us, that the late Legislature deserved to be driven out from the Capitol, because of the unwise and corrupt legislation. Even Phillips and Badger would subscribe to the sentiment.

No one can read the extract from the SENTINEL, as quoted by the *Standard*, and the *Standard's* comments and inferences in regard thereto, but must feel an instinctive disgust at the contemptible, false and wicked charges there made. We are represented as a rebel and assassin, because we had the honesty and boldness to denounce and expose the weak, [illegible] body that, under the force of the party lash and the influence of bribery, were engaged in oppressing the people and ruining the State! But we need not be astonished at any unfair, false, and dishonorable charge from those who were a part of the corrupt concern and who feel their share of the infliction of the lash we felt it our duty to lay on them.

STARTLING DEVELOPMENT—HENDERSON IN MINIATURE—CONSEQUENCES OF RADICALISM—HONOR TO A CONSERVATIVE NEGRO.

Gradually, from mouth to mouth; silently, whisperingly, we got the news that, on last Monday night, the last of our little town was to be burned. Strangely, mysteriously, through the honesty of a good, noble, Conservative negro, the people of Washington have been saved from the fate of Henderson. A plot has been developed for the burning of the town; developed in time; parties arrested, (all negroes,) and, thus far, the destruction stayed.

If the *Standard* can see the hand of a Ku Klux in this, let him see it.

We hereby warn our neighboring towns to be on the alert, for there is a gang of these floaters, without homes, prowling over the country.—*Washington Intelligencer.*

The *Standard* will please make a note of the above on its list of "Ku Klux outrages." Men of better character than Graham will furnish "His Excellency" with sworn affidavits in regard to the matter.

In the late meeting of the Stockholders of the Wilmington, Charlotte and Rutherford Railroad, at Charlotte, the Company agreed to accept the amendment to their charter authorizing the Company to issue its bonds to the amount of $2,500,000.

From the *Observer* we take the following in regard to the action of the meeting:

Afterwards a meeting of the Directory took place and President Sloan and Directors Guion and Cowan were appointed a committee to arrange the details of a proposed contract with Mr. John F. Pickerell, of New York, for the construction of the entire road. Mr. Pickerell is now in town and the committee is in conference with him. He is abundantly responsible, and if the Board conclude the contract with him, which is now under discussion, there will be no doubt about the unfinished portions of the road being pushed to an early completion.

INFLAMATORY.—David C. Harris, brother to the negro Demosthenes of North Carolina, said, in the presence of some white men in this place on Saturday last, that if anything like the Stephens murder in Caswell, were to occur here in Edgecombe, he would be one of a party to burn the house of every Conservative in the county.

This is beautiful language, and we can imagine how the Governor will delight him over its elegance of expression, while the *Standard* will congratulate itself that its hell inspired sentiments find a re-echo here.

If this growing hostility between white and black men is not speedily checked, it will ripen into something serious, and, compared with which the idle story of the Ku Klux so lovingly indulged by Republican presses and speakers, will pass into a mere school boys' tradition, the reminiscence of an hour. * * * * * * * * *—Tarboro Carolinian.*

WAKE COUNTY CONVENTION.

Pursuant to notice, the Conservatives of Wake county, assembled in Convention, at the Court House, in this city, at 12 o'clock to-day.

On motion of Lewis Peck, Esq., H. O. Parker, Esq., was elected Chairman, and Jno. C. Syme, appointed Secretary.

Hon. D. G. Fowle explained the object of the meeting to be the appointment of delegates from the various Townships to represent this county in the Congressional nominating Convention which assembles in Franklinton, on the 7th inst. Mr. Fowle then reviewed briefly the political condition of the country for the past few years, and urged upon his hearers the great necessity of a change in the administration of public affairs. At the conclusion of his remarks, Mr. Fowle offered the following resolutions, which were adopted:

Resolved, That we approve and endorse an address to the people of North Carolina, issued by the Conservative members of the General Assembly, and we adopt the same as the platform and principles of the Conservative party in the approaching canvass.

Resolved, That a Convention for the purpose of nominating candidates for the county offices be held at Raliegh, on Saturday, the 18 h of June 1870.

Resolved, That the Chairman of this meeting appoint fifty or more delegates from the county at large, to represent this county at the District Convention, to be held at Franklinton, on the 7th and 8th days of June 1870.

Hon. Sion H. Rogers, Capt. J. Q. DeCarteret, R. H. Battle, Jr., Gen. W. R. Cox and Col. Ferjbault, was called for, spoke briefly but forcibly, and while each address was calm and temperate, yet they were replete with proper denunciations of the misrule, extravagance and corruption of the party now in power. All denounced secret political societies of whatsoever description, and counseled an observance to the laws as the best safeguard for the public peace and prosperity.

The chairman then announced the list of delegates to the Franklinton Convention:

Hon D G Fowle, Malcom Harrison, Wm E Pell, Jr., J C Syme, David Lewis, Hon S H Rogers, Andrew Miller, E E Harris, Douglas Bell, Alfred Upchurch, T H Avera, Dr Walter Dobson, H P Tucker, J Q DeCarteret, P McGowan, Clinton Crow, S G Mayes, W C Stronach, J Q Williams, W J Holleman, A J Yates, Jacob Flemming, Maj. On motion, the Convention then adjourned.

COMPLIMENTARY.—The Tarborough *Southerner* of this week says:

The Executive Committee of the State Fair has conferred another honor upon old Edgecombe in the person of one of her most distinguished and honored sons.

Gen. W. G. Lewis, than whom no more gallant soldier or perfect gentleman exists within the State, has again been appointed Chief Marshal at the approaching Annual State Fair, which we learn he has accepted.

Gen. Lewis officiated as Marshal at the late Fair and, while doing every credit to himself, reflected even more upon the banner agricultural county of North Carolina. We congratulate the committee upon the excellent judgment displayed in this selection and take it as a happy omen of their continued success in October next.

CENSUS-TAKING MADE EASY.—The work of taking the census has commenced, and as it is desirable that it be taken with accuracy, and to enable the assistant marshals who will be engaged in the performance of this duty to have their work well done, it has been suggested that the publication of questions necessary for all heads of families to answer would be a great benefit. With this we publish the following list, which we believe to be correct:

How old are you?
Where were you born, and when, and were you present on the occasion of your birth?
Were you ever elected Inspector of Elections? What was your majority, and what did it cost you?
Are you a married person, and how do you like the institution?
Have you any children, how many, and what is a certain remedy for snuffles?
Do you grow any corn, if so how much do you waste in making bread?
What's your opinion of Lager Beer, how many glasses can you drink, and with what effect?
What is your opinion of oats—a very popular provender for men and beasts?
What is the cash value of a one dollar bill?
Were your father and mother both white men?
Can you stand on your head, and how long? If a good while, how much longer is necessary?
Did you ever go a fishing for frogs?
Did you ever catch any Bass?
In an acre of ground will yield one hundred bushels of ruta bagas, how many glasses of lager will it take to require a man to draw a bee line?
If your family eats a ham in three days, how long will it take them to eat a couple of hammers?
Were you ever divorced?
Can you lend me five dollars?

There are a number of other questions to be answered, which we omit here, from the fact that they will at once suggest themselves to the minds of the marshals, just as soon as they think of them.

A writer on preaching makes a remark worthy of careful study by all ministers: "The whole world is full of *head*—the whole world lacks *heart*."

Charlotte is still in a furore about Robinson's Circus which will astonish the natives of that section shortly.

MEETING IN RANDOLPH.

At a meeting of the citizens of Randolph county, held at the Court House in Asheboro on 21st of May, 1870, Thos. Rice, Esq., was called to the chair and J. F. Bostick and J. M. Hancock were appointed Secretaries.

On motion of Dr. J. M. Worth, a committee consisting of one from each Township in the county, viz: Trinity, Dr. J. L. Winslow; New Market, Wm Zachary; New Salem, Dr. W. A. Woolen; Liberty, W. P. Fox; Tabernacle, Geo. Kindley; Back Creek, Thos. Redding; Franklinsville, Geo. Makepeace; Columbia, Wm. H. Burgess; Concord, Erasmus Ingram; Asheboro, M. S. Robins, Grant, Abel Cox; Pleasant Grove, M. J. Swift; New Hope, A. G. Murdock; Union, Geo. Auman; Richland, Emsley Loudermilk, were appointed by the Chair to report resolutions for the consideration of the meeting.

During the absence of the committee, Dr. J. M. Worth being loudly called for came forward and addressed the meeting in a few remarks, which so completely exposed the incompetency and corruption of our would-be masters, that it seemed impossible for any one to doubt that we are on the road to ruin.

The committee returned, and through their chairman, Geo. Makepeace, Esq., read the following preamble and resolutions, which, on motion of Dr. J. L. Worth, were considered separately and adopted unanimously.

WHEREAS, It is a sacred right of every free people to assemble at pleasure to consult for the common good. And whereas the exercise of this right becomes a solemn duty, when in the progress of events, rulers and office-holders in conducting public affairs, depart from all the wise precedents of the past, and the honored examples of a virtuous and patriotic ancestry, changing the Government and its administration from turret to foundation stone, creating numerous and useless offices, and greatly increasing the salaries and emoluments of those previously existing, thereby loading and crushing the masses of the people by enormous taxes for the purpose of benefiting no one but the office holders.

Therefore, Be it Resolved By the people of Randolph county in Convention assembled:

1st. That in all free Governments, offices are, and of right ought to be created and administered for the good of the people, and not for the good of the office holders.

2nd. That this sacred maxim, an inseparable accompaniment of all free Governments, is at present entirely ignored among us, to the impoverishment of all our people, except the office holders, and a few "Ring" speculators, who are amassing fortunes at the expense of the masses of private citizens.

3rd. That we regard the ballot box an adequate remedy, and the only remedy for these evils.

4th. That we deprecate and will at all times discountenance all violations of law whomsoever and by whomsoever committed.

5th. That to restore the administration of the Government to the purity of former times we must have men of well known capacity and integrity for office-holders, and we will support no others.

6th. That to secure such men as candidates for General Assembly and County officers, meetings should be held in each township, and five delegates from each township appointed to meet in a county convention to be held in Asheboro on the 25th day of June next, to nominate as candidates such men as the people in the whole county have most confidence in, and all citizens are invited to turn out and witness the proceedings of such convention.

7th. That the talk of certain office-holders, that they were inclined to hold over, when they were elected with the impression, founded on the face of the Constitution, that their terms would expire the ensuing summer, show such office-holders, and all other office-holders who have joined with them in endeavoring to create the impression that they have the right of holding over, utterly unworthy of the confidence of the people, and as utterly destitute of all sympathy for the people or regard for their welfare.

That the chairman of the convention appointed forty-two delegates to attend the convention to be held at Greensboro, on the 26th inst., to nominate a conservative candidate for Congress for this district.

8th. That we heartily endorse the principles of the Conservative members of the Legislature, promulgated in their address to the people under date of 25th, March last, recognizing, among other things, the civil and political equality of the white and colored races to be an accomplished fact, which Conservatives are not disposed to disturb.

Dr J. M. Hancock offered the following as an additional resolution, which was unanimously adopted:

9th. That our people have waited in vain for the organization of the common Schools provided for by law, and for the support of which we remember well we paid a tax last year, and that we have but little hope of deriving any benefit from such schools while the fund is managed by those who appropriate it to other uses and seem to be so regardless of the rights and interests of the people whose hard earnings constitute such fund. On reporting the resolutions, Geo Makepeace, Esq, made a few pointed remarks, which were listened to attentively. Remarks were also made by J. C. Alred, Esq., and Dr T. L. Winslow.

The committee on resolutions are constituted a committee in their respective townships, and they are to call to their assistance any party or parties they may deem necessary, to call meetings in the townships for the purpose of appointing delegates to attend the county convention.

On motion of A. L. Crouse an Executive Committee for the county was appointed by the Chair, consisting of Dr. J. M. Worth, S. S. Jackson, B. F. Moffitt, Wm H. Moring and Dr. J. M. Hancock.

The Chair appointed the following delegates to the Greensboro convention, viz; E C Keerans, S M Leach, Winship Wilson, R E Blair, Edward Walker, Wm Zachary, Abner Gray, Dr W. A. Woolen, Anthony Chapmess S. C. Fox, A. L. Crouse, D. J. Staley, J. C. Harriss Milton Skeen, J T Bostick, Tom J Redding, Nathan Spencer, Hugh Parks, D Curtis, Thos Branson, Geo Makepeace, J C Allred, Dr A Holton, W G Lane, Wm F Foushe, Dr Sam'l A Henley, Geo Additon, Thos Rice, Z F Rush, Wm Moring, J H Hill, M S Robbins, M H Moffitt, M J Swift, John Caviness, J L Andrews, Aaron Lassiter, Dr J J Bruton, John Auman, J A Spence, R Loudermilk, Paschal McCoy, Wm Brown, Sen.

On motion of M S Robbins, Esq., Dr J M Hancock was added to the list.

On motion by the same the proceedings to be forwarded to the *Patriot*, *Sentinel*, and *Old North State* for publication.

On motion the meeting adjourned.

The truest test of success in life is character. Has a man built up, not a fortune, but a well disciplined, well-regulated character Has he acquired, not mere gold or acres, but virtue, benevolence and wisdom! Is he distinguished not for his ingots, but for his philanthropy! That is the only true test of a man.

CASH ASSETS - - - - - - - - $500,000.

YOUNG, HEALTHY, VIGOROUS AND CONDUCTED BY A WISE, PRUDENT, AND ECONOMICAL BOARD OF DIRECTORS UPON A

NEW SYSTEM,

devised by its talented and distinguished Actuary CHAS. N. MORGAN, which must make it the leading Company in America, for persons in

MODERATE CIRCUMSTANCES,

and all who appreciate and demand the most UNQUESTIONABLE SECURITY, at rates in many cases, *considerably lower* than those of the leading Mutual Cash Companies.

The Excelsior issues Policies on all the plans of *Mutual* or *Stock* Companies, extending to policy holders all th ir really desirable advantages. Its policies being *non-forfeiting*, the insured enjoys the privilege to *live and travel where they please* in any healthy part of the world, they participate in its profits, are allowed 30 days grace for payment of renewal of premiums, a cash surrender value of policy, *and a privilege* which has never been offered by any other Company, that of converting Policies into

ANNUITY BONDS,

after the payment of 5 or more annual premiums.

☞ Hitherto, I have been restricted in the very popular Company which I had the honor to represent to *Stock rates* alone, which most of the *Mutual*, and mixed Companies have adopted. This disadvantage, together with the multiplication of many new Companies, in this State, who claimed to possess unusual charms, together with the extraordinary attractions presented by the Excelsior induced me to accept the management of that Company, whose plan combines all the popular features of other Companies, represented in this State, without an exception, and the additional privilege of converting policies, which the holder can not afford to keep up, or wishes to discontinue because of the death of those for whose benefit the policy was secured, into an *Annuity Bond* which provides an *income in cash through life, or for a series of years as agreed.*

Circulars giving full explanations and any other information, will be cheerfully furnished.

The most liberal arrangements, will be made with first class solicitors, to push the Excelsior forward in the Old North State, to that position which her low rates and most ample security entitle her to occupy.

THE SENTINEL.

CITY AND STATE ITEMS.

SATURDAY, JUNE 4, 1870.

THOS. N. RAMSAY, as Business Clerk, is authorized to make contracts and give receipts, &c., &c.

SPEAKING AT HAYWOOD.—The Editor of the SENTINEL will, by invitation, address the people of Chatham, at Haywood, on the Chatham Railroad, on Friday, June 10th.

DISTRICT CONVENTION.

The District Conservative Convention will be held in Franklinton, June 7th and 8th, to nominate candidates for Congress, and to make arrangements for the Congressional campaign.

CITY MARKET.—Spring chickens 30 to 37½ cts; Butter 37½ to 30 cts per pound; Eggs 20 cts per dozen; Cabbage 12½ to 15 cts per head; Irish potatoes 75 cts per peck; Onions 25 cts per dozen; Strawberries 10 cts per quart; Green Peas 40 cts per peck.

NEW ADS.—Read Clawson's advertisement of splendid Chromos, Lithographs, Engravings, &c.

Roe herrings and fine white corn by W. H. Jones & Co.

Lockville Mining and manufacturing company, W. H. Willard, President.

The continued rains of the past week, have seriously injured the cotton crop in Halifax and adjacent counties.

We are happy to learn that the Congressional nominating Convention, for the 6th District, which met at Statesville, on Thursday last, re nominated Hon. F. E. Shober.

RELIGIOUS.—We are requested to say that the Presiding Elder, Rev. W. H. Bobbitt will preach at the M. E. Mission Chapel to-morrow, it being the occasion of the Quarterly Meeting for that appointment.

TRIP TO WARRENTON.—We, the Local, got home last night from a two days absence attending the Commencement of the Warrenton Female College; and a most pleasant time we had.

We will give, on Monday, some account of the College and the Commencement exercises; to day we will devote a short space to other things connected with the trip.

The effects of the recent freshets were visible everywhere along the road, and we were informed by persons at the various stations that the damage to the crops, to bridges and fences, was very heavy. The wheat has suffered particularly, while all the low ground crops will have to be planted again.

Warrenton has not recovered from the crash brought by the war. Some of her merchants and tradesmen are doing a good business, but many houses are closed for want of occupants.

We found our old friend, Dr. Brownlow, of the Warrenton Hotel, still on his legs and stout for one of his age; and, with his excellent lady, still mindful of the comforts of the guests of the house, the superior accommodations of which have been tested by thousands from Maine to Texas, during the last twenty years.

The only improvement of note that came under our observation was that of the new county jail, built under the supervision of Mr. Jesse D. Parrish. It is built of huge stones and is well arranged for the purposes of a prison, especially in the construction of the doors. Altogether, we think, when finished it will be one of the best and most secure jails in the State.

We went and returned by the Accommodation train of the R. & G. Railroad, which, though necessarily run on a slow schedule, is pleasant, the passenger coach being comfortable and the officers polite and attentive; especially was this true on the return train on yesterday, when the coach was crowded with young ladies, on their way from the College at Warrenton for the summer vacation, all of whom, with trunks, boxes, pictures, band boxes, bird cages and flower pots, not to speak of lunch baskets, shawls and sun-downs, were brought through safely, "without the loss of a man."

We shall recur to such other incidents of the trip hereafter, as our limited space forces us to omit to day.

We see by some of our eastern exchanges, that the fight between Andy Jackson Jones and Confederate Colonel O. H. Dockery, WAXES warm for the Radical nomination for Congress in the 3rd district. They say it is "pull Dick, pull Devil" between them.

We bet on Jones, he being the biggest scoundrel, therefore, more acceptable to the party with which he acts.

Hon. C. C. Clark, of Newbern, is spoken of as the probable Conservative candidate for Congress in that district.

Hamilton McMillian, Esq., in a graceful salutatory, makes his bow to the public as associate Editor of the *Roanoke Republican*, in the last issue of that paper.

MARTIN COUNTY, N. C. May, 1870.

BURROUGHS & SPRINGS,

General Agents for North Carolina and Border Counties of South Carolina.

DEAR SIR:

In acknowledging receipt of check for TWO THOUSAND DOLLARS, being the amount of Policy upon my Husband's life, I regard it my duty to assure you of my appreciation of your promptness in placing the same in my hands, and testify in behalf of your Company in regard to its fidelity in the faithful performance of its contracts. With many good wishes for the prosperity of the Company, and as a still further testimony and appreciation of the same, I have applied for a Policy of Five Thousand Dollars on my own life.

With much respect,
I remain,
Very truly, your ob't serv't.

CONSERVATIVE MEETING.—The Conservative meeting at the Court House to-day was respectable, both in regard to numbers and intelligence—indeed much larger than we expected to see it, when we remember the sad condition the farms in the county are in, on account of the freshet, and the number prevented from attending in consequence of bridges being washed away.—The meeting was simply for the purpose of appointing delegates to the Franklinton Convention, which being done, and a few addresses in the right spirit, the meeting adjourned. See proceedings, for list of delegates, elsewhere.

CLEAN UP.—Mayor Harrison stated to us, some days since, that the city authorities would soon issue a notice to house keepers in Raleigh, requiring them to clean up their premises. We do not know whether the notice has been issued or not, but we are ready to file our affidavit that it is none too soon for such a movement, so far as some localities are concerned.—Comfort and health demand that attention be early given to this matter.

NOT ARRESTED.—The report that Ransom Poacher, who shot Ransom Harrison, was arrested in Goldsboro, turns out to be a mistake; it was another fugitive who was arrested,—one Hilliard Hill, who has been dodging the law for some time.

The following taken from the Wilmington *Journal*, will give the reader some idea how the Radical County Convention, which assembled in that city, on Wednesday last, terminated:

Yesterday's Convention broke up in a row, of course, Rourke and Eagles (negroes) were the participants. Rourke pitched into French and Eagle took it up. The squabble was broken up by the police, who marched off the independent candidate, (Eagles.)

Weldon has female fisticuffs.

A WILL CASE DECIDED.—We were in error in our last in stating that Northampton Court adjourned on Friday night last. We should have said that the criminal docket was gotten through with at that time. This Court has been in session this week, considering the civil docket, and we understand that on Wednesday Judge Watts decided a most important will case. Mr. Wm. Crocker, of that county, who died some two or three years since leaving three children, left a will excluding a married daughter from any share in his estate.—Judge Watts decided that the will in question was invalid, giving the three children an equal interest in the property. We did not learn the grounds upon which this decision was given, but the estate being quite valuable rendered, the case an interesting one. Judge D. A. Barnes and the Hon. W. N. H. Smith appeared for the excluded party.

Since writing the above we learn that Judge Watts dismissed the jury empaneled in the case, and decided that the will was invalid, as it was not found in the proper place, not being with the other papers of importance belonging to the deceased.—Gov. Bragg, who appeared in defence of the validity of the will, has taken an appeal from the decision of His Honor.—*Roanoke News.*

Three Requisities of Health.

If all the sickly people in the world were to take to their beds, and demand medical treatment, there would not be doctors enough to attend them, nor a sufficient number of the robust to nurse them. Three conditions are absolutely essential to health, viz: a good appetite, easy digestion, and the ability to sleep soundly. Seven-eighths of the many thousands who suffer from indisposition, yet do not labor under serious disease, complain that they "can't eat," that their stomachs are "out of order," or that they "don't sleep well." For this class of ailments few persons think of calling in a physician. Nor is it necessary, inasmuch as a course of Hostetter's, Bitters, will certainly relieve the derangements of the stomach, the liver, and the nervous system, from which want of appetite, indigestion and sleeplessness arise. This excellent vegetable tonic and corrective is also a delightful anodyne, insomnia (or incapacity to sleep) which has resisted all the ordinary remedies, will yield readily to a dose of this pleasant medicine taken just before retiring to rest. In ordinary medical practice it is usual to give a stomachic, an aperient, an invigorant, a soporific, or an antiseptic, as the case for the time being may seem more particularly to require; but in this grand restorative all these medicinal properties, and many others are blended in due proportion. Thus, the digestion is stimulated, while the bowles are regulated, the liver toned, the strength recruited, the nerves calmed, the fluids purified and the circulation equalized. It is believed that there is no other restorative and regulating medicine in the world which acts so beneficially and agreeably upon all the assimilating and secretive organs at the same time; and to all who lack the three fundamental requisites of health and enjoyment, a vigorous appetite, sound digestion and refreshing sleep, it is confidently recommended as a specific.

PROGRESS THE ORDER OF THE DAY.—It seems that *Excelsior*, is now the watchword of our popular Insurance Agt., P. P. Pescud Esq., who makes his bow to our readers in this afternoon's paper.

Mr. P. says that he has taken the Excelsior, in order to overcome the increasing competition from *old* and *new* Companies. The new feature presented by the Excelsior, in attaching a cash valuation to all her policies, with which policy-holders may purchase annuity bonds and secure an income for life or a series of years, is indeed new, and must be popular.

We wish Mr. P. abundant success and refer the reader to his advertisement.

NOTICE—BENEFICIAL TO ALL WHOM IT MAY CONCERN.—Persons indebted to the undersigned, will come forward and settle within 30 days from date, if not their names, amounts (and what for!) will be published for 30 days. PHIL. THIEM.

WASHINGTON.

WASHINGTON, June 3.—Revenue nearly $2,000,000.

The House Committee on Foreign Relations decides against subsidies to foreign cables.

Wayne McVeogh of Pennsylvania, has been nominated minister to Constantinople; D B. Cliffe, successor of the 5th Tennessee district.

The House Judiciary Committee unanimously agreed to report a bill authorizing terms of the United States Court to be held at Helena, Ark.

The Washington *Herald* publishes eight columns of Banks' report on Cuba. The report opens, after many petitions, with the following statement: The Cubans had at Yara, October 11th 1868, 8 147 men; October 30 h, 4 000; November 2,700, and in December 12,000 men. They have now 20,000 well armed men. The Cubans have 60,000 men enrolled and drilled, but without arms, and claim that with a supply of arms, they can put 200,000 fighting men in the field, &c.

From the declaration of Cuban independence at Yara to this hour, there has not been a week or scarcely a day, which has not been marked in the calendar of the war by fierce and bloody contests. No revolution ever presented a more obstinate and dat rained struggle.

SENATE.—A bill was introduced for an appropriation to build a light house at Barnes' Point St. Joseph's River, Florida.

Memorials and resolutions of Israelites of Indianapolis were presented, calling attention to the report ed massacre of Jews in Roumania.

A joint resolution was introduced for increase of pay to ass stant Mar hals of Cubans.

The Indian appropriation bill was further considered.

HOUSE.—An amendment making the income tax three per cent was adopted by a vote of 115 to 78.

The exemption was raised to $2 000 by a vote of 138 to 53.

An amendment limiting exemption for house-rent to $500, passed.

The amendment taxing the interest on United States bonds was rejected.

The previous question was moved by Schenck, when the House adjourned.

The House will vote on the bill reducing taxation to-morrow, then the Georgia bill will come up.

Two sections of Schenck's tariff bill will be offered as an amendment to the bill reducing taxation.

The government is taking extra precautions against the Fenians, of whose intentions the government has private information. Guards are doubled at all Dock yards and Naval stations throughout Great Britain.

PARIS, June 3.—Physicians report that the value of vaccination as a preventative of small-pox has been demonstrated during the past month.

LIVERPOOL, June 3.—Twenty one thousand emigrants, mostly Irish, left for America during the month of May.

BOMBAY, June 3.—After the proclamation of infallibility the Ecumenical Council will adjourn to October the 15th.

WASHINGTON.

WASHINGTON, June 4.—HOUSE.—The House passed, with verbal amendments, the senate bill authorizing Railroad bridges across the Alabama River near Selma and near Montgomery.

Schenck modified his amendment by reducing the duty on tea to fifteen cents per pound, and on coffee to three cents. He moved the previous question on the first section as a whole, preventing votes on separate paragraphs and the Democrats have taken to filibustering.

SENATE.—The bill to encourage the construction of the International Pacific Railroad of Texas, was reported without amendment.

A motion by Flanagan to take it up was objected to by Hamilton of Texas and the bill went over.

The Great Family Medicine of the Age.

THIRTY YEARS

Have elapsed since the introduction of the Pain Killer to the public, and yet at the present time it is more popular and commands a larger sale than ever before. Its popularity is not confined to this country alone; all over the world its beneficial effects in curing the "ills that flesh is heir to," are acknowledged and appreciated, and as a PAIN KILLER its fame is limited to no country, sect nor race. It needs only to be known to be prized.

THIRTY YEARS is certainly a long enough time to prove the efficacy of any medicine, and that the PAIN KILLER is deserving of all its proprietors claim for it, is amply proved by the unparalleled popularity it has attained. It is a CURE and EFFECTIVE remedy. Sold by all Druggists.

PRICE 25 cts, 50 cts, AND $1.00 PER BOTTLE.

THE EQUITABLE
HAS BECOME THE LEADING COMPANY OF THE WORLD.

Its New Business (sum assured), for the year 1869, exceeded that of the second company in rank by more than THIRTEEN MILLION DOLLARS.

In 1860 it was the 9th Company in new business for the year; in 1861 it was the 8th; in 1862 and 1863, the 7th; in 1864 and 1865 the 6th; in 1866, the 4th; in 1867, the 3d; in 1868, the 2nd;

In 1869 it was the FIRST.

The insuring public should not allow itself to be deceived with regard to the term "Annual Dividends." Many companies using this expression mean that their dividends are "annual" after the third, fourth, or fifth premium.

One hundred Dollars paid in dividends, at the end of *one year*, and each year thereafter, equals FOUR HUNDRED AND THIRTY-SIX DOLLARS paid at the end of FOUR YEARS, interest at six per cent.

Applications for ASSURANCE may be made to any of the Society Agents throughout the country, or in person or by letter to the General Agents.

Gentlemen of character desirous of forming a connection with the Society as Agents are invited to communicate with its General Agents.

SWELT QUININE
is made entirely from **Peruvian Bark** (so is Bitter Quinine), therefore is of Vegetable origin, and not a Mineral poison, but on the contrary is proved to be one of the elements found in the blood of all healthy persons.

SWEET QUININE
acts as an **antidote to**, as well as a cure for, **malarial or miasmatic poison**, the absorption of which by the lungs causes Intermittent Fevers, etc. Two cent. advantage claimed for

SWEET QUININE
over the use of old Bitter Quinine is the entire absence of that **intense, persistent bitterness**, which in the latter is an insurmountable obstacle to its use with most persons, and always with children.

SWEET QUININE
is in two forms—in POWDER, for the use of Physicians and Druggists, and FLUID, for use in the family and for the general public.

NON-EXPLOSIVE COMBINATION BURNING FLUID

THE CHEAPEST, BEST AND SAFEST ILLUMINATING AGENT IN THE WORLD !!

No more Exploded Cans!—No more Exploded Lamps!
No more Smoke!—No more Grease!
No more Fires!!

EVERYBODY PREFERS IT AFTER GIVING IT A TRIAL!

IT costs less!—It lasts longer!—Gives a more Brilliant Light!—May be burned in hand lamps, without chimney.

Guaranteed to make a better and safer Light than Coal Oil and to be NON-EXPLOSIVE!!!

No accidents have ever happened with it.

Protected by Copy right for 28 years from May 8th 1868.

The above Fluid has been in constant use for upwards of three years, and has sustained its unrivalled reputation, as a brilliant, non-explosive illuminating agent, though subjected to the severest tests. Being universally conceded to be superior to Kerosene or Coal Oil. It makes a better light and more of it, than any other illuminating compound. Soft, clear, steady and uninjurious to the eyes. All that is asked is, a fair and impartial trial.

Among the numerous testimonials received read the following:

PHILADELPHIA, March 15th, 1869.

The undersigned, having witnessed the experiments of Messrs. Hale & Co., with their Combination Burning Fluid, take pleasure in commending it to the public. The various tests to which the Fluid was subjected, was in the highest degree satisfactory. We have no hesitation in pronouncing it to be a *safe and brilliant* illuminating agent. Its cheapness added to its other good qualities, should insure its introduction into every family in the country, where Kerosene Oil is used.

SPARKLING

CATAWBA SPRINGS,

CATAWBA COUNTY, N. C.

THIS CELEBRATED WATERING PLACE, formerly called North Carolina White Sulphur Springs, will be open for visitors on Wednesday, the 1st day of June.

Being situated in the Northwestern part of the State, in a section remarkable for its delightful climate, beauty and healthiness, these, together with the virtue of the waters, make it one of the most desirable Watering Places to be found.

The Mineral Waters of these Springs

Are the White and Blue Sulphur, and chalybeate or Iron, and they possess all the finest qualities of these waters, and are sovereign remedies for all Female diseases, diseases of long standing, diseases of the liver, bowels, stomach, kidneys, Pulmonary diseases, Eruptions of the skin, Scrofula, Weakness, Debility, Dyspepsia, Rheumatism, &c., &c.

From the numerous wonderful cures that have come immediately under my own observation within the last four years (by the use of these waters) I am satisfied that this is the place for all whose condition can be improved by the salubrious character of any water that flows from the earth, and the medicinal qualities of the same are not excelled.

Our rooms, in both cottages and other buildings, are large and pleasant; cottages containing from two to six rooms each, suitable for large or small families. Many rooms having been already applied for arrangements will be made to accommodate a large number of visitors, and it is to be hoped that our Southern people will patronize the Sparkling Catawba, which ought to be the pride of North Carolina, as well as the South, for no watering place can offer greater inducements for either health or pleasure.

The Bar will be supplied with choice liquors and cegars. Good Ten Pin Alleys, Billiard Tables, one of which will be of the most approved style.

GOOD BATH HOUSES,

For Pool, Plunge or shower Baths, hot or cold.

A GOOD BAND OF MUSIC,

Six or more performers, has been engaged for the season, and a good Physician permanently located for the benefit of invalids, who will have good attention.

The Sparkling Catawba this season will be under the management of Mr. JOHN L. EUBANK (who, for the last three years, has been manager at the Healing Springs in Virginia)—assisted by Mrs. M. A. WERNS, and visitors may rely upon finding a good table.

The cars, on the Western and Morganton Railroad, leave Salisbury every morning, Sundays excepted, for Rickory Station, the Springs Depot, where hacks with good drivers will be ready to take passengers to the Springs, a distance of six miles, over a beautiful, well shaded road.

A GOOD LAUNDRY connected with the Springs and washing done at reasonable rates.

BOARD,

For four weeks, $48. Per Week, $15. Per day, $3. Children under ten years of age and colored servants half price. No charge for infants, or children under two years of age. Reasonable deduction made for large families who spend the season.

Tickets at reduced rates, or return tickets, can be had on the different Railroads to the Sparkling Catawba.

ROCKBRIDGE ALUM SPRINGS, VA.

Open May 15th, 1870.

THIS FAVORITE AND CELEBRATED Watering Place is now in complete order for the reception of guests. Important improvements have been added to the buildings since the establishment passed into the hands of the present proprietor, and it is his purpose to keep it in a style not surpassed anywhere in Virginia. The waters of these special springs either cure or greatly relieve most cases of Scrofula, Incipient Consumption, Chronic Bronchitis, Chronic Laryngitis, Chronic Pneumonia, Chronic Dyspepsia, Chronic Diarrhœa, Kidney. They are also a great value in those affections which are peculiar to the female constitution, and as an appetizer, a tonic and general restorative, they are, perhaps, unrivalled amongst mineral waters. The proprietor will have provided for the lawns and ballroom a first-class band of music, and in general all the sources of amusement and recreation usually found at our best summer resorts will be at the command of the guests at "ROCKBRIDGE ALUM." The place is within eleven to thirteen hours of Richmond, Washington, Baltimore, &c., by rail, all in daylight. Passengers leave the cars of the Chesapeake and Ohio Railroad at Goshen Depot and new and elegant stage coaches, passing rapidly over a smooth and level road of only eight miles, set down the visitors at the Springs to tea.
